	29/05/17 – Spring Bank Holiday
	12/06/17 – Queen's Birthday

## Where are we?

## REGULATIONS AND GENERAL INFORMATION

### 1 Admissions

- a) Courses listed in this prospectus are open to all persons, without restriction. However, prospective students in full-time education **MUST** produce a letter of authorisation signed by the Headteacher/Principal of the relevant school/college at the time of enrolment. No enrolment will take place until this condition is satisfied. Course fees are payable.
- b) Numbers on courses are limited depending on subject and available resources. Enrolment will be on a “first come” basis.
- c) Late admissions to Examination and Professional Courses will not normally be possible after mid-term (end of October) even if class numbers allow. Persons admitted late must try their best to “catch up” but cannot expect lecturers to repeat lessons/lectures. They will be issued with any relevant printed notes and handouts where possible.

### 2 Enrolment

- a) Enrolment dates are provided in page 3 of this prospectus and are also announced in the local media, college website and social media (Facebook). Prospective students must enrol at the College reception between **09:00 – 13:00 during the Autumn Term** and between **09:00 – 15:00 during both Spring and Summer terms**. Telephone, fax or e-mail enrolments are not entertained, nor are the reservation of places on courses.
- b) Except for sponsored school/college students, course fees must be paid at the time of enrolment.
- c) The College will issue an official receipt on completion of enrolment. The receipt will be required by lecturers on first registration in class and should be kept safe until the end of the course. Students may be asked to produce their receipt at any time during the duration of their course.

### 3 Fees

- a) Course fees payable are as shown on this prospectus, in the **COURSE FEE** column. The fees are inclusive of materials and technical help unless otherwise stated but **exclude textbooks and examination fees**.
- b) Examination entry fees and Membership Fees (these last applicable to Professional Courses) are **not included** in course fees and must be paid for separately. Membership Fees are ordinarily payable direct to the Professional Body at the time of first registration with that body. Please note that most Professional Bodies require the payment of membership fees before students are allowed to enter their assessments.
- c) Fees will only be refunded if the course the student has enrolled on is cancelled. Fees are not otherwise refundable.
- d) Places on a course are not transferable.

## 4 Attendance and behaviour

The course lecturer(s) will keep a register of all attendances. Students should ensure that they have been entered correctly.

- a) The College Principal reserves the right to exclude any student from attendance, without refund of fees, for irregular attendance, misconduct or for any behaviour which, in the opinion of the Principal, interferes with the smooth running of the course or the learning process of fellow students.
- b) Students are advised that **smoking is prohibited** within the college premises including the outside patio. Food and drink are not allowed in classrooms. Please note too that none of the teaching venues has catering facilities.
- c) Parking is not allowed within the college premises.

## 5 Formation and continuation of classes

- a) The Principal reserves the right to discontinue any class, or to change the time, date and venue in which the class meets and to merge or subdivide a class as circumstances may dictate.
- b) Class times may be changed by unanimous agreement of the students and the lecturer, if timetabling allows for such a change. All changes must be approved by the Continuing Education and Professional Courses Coordinator.

## 6 College Holidays and Postponement of Classes

- a) Classes do not take place during College Holidays. Lecturers and students must agree an alternative date and inform the Continuing Education and Professional Courses Coordinator in advance so that timetable adjustments can be made.
- b) Classes postponed due to the absence of the Lecturer will be re-scheduled to a date and time convenient to the Lecturer and students. The change must be approved by the Continuing Education and Professional Courses Coordinator and should be communicated to him in sufficient time to allow for timetable changes.

## 7 Registration for Examinations and Examinations Procedures

- a) It is the responsibility of students to register and enter themselves for examinations. The dates for registrations for public Examining Boards (OCR, AQA, etc.) are advertised in the local press, radio and television. Professional Bodies communicate directly with students.
- b) Lecturers will inform students of the syllabus being followed, the name of the Examining Board, the syllabus code and the component codes the student should register for. These details will be required when registering for examinations. It is the students' responsibility to have these details to hand when entering themselves for an examination.
- c) Examination dates are set by the Examining Boards and cannot be changed except with the express approval of the Board concerned. Special arrangements can be made for students suffering from disabilities at the discretion of the Boards. Please note that

Examining Boards usually require medical and/or other certificates before granting such requests. Requests for special arrangements should initially be made to the College Administration Manager/Examinations Officer, at the time of registration for the examination.

d) Students registering for examinations at two different Centres and/or with different Boards should note that clashes resulting from double entry are often very difficult to resolve. Boards do not usually consider such clashes as sufficient grounds for special arrangements. Where such special arrangements are granted but incur additional costs, the student will be expected to pay the extra costs concerned before the arrangements can be proceeded with.

e) It is the students' responsibility to check the examinations timetable to ensure that clashes do not occur. Examination timetables are available at all Centres entering students.

f) Students who have registered for examinations are issued a Statement of Entry by the Examination Board concerned. They should ensure the personal details on the statement of Entry are correct and bring inaccuracies to the attention of the Examinations Officer immediately.

g) The Statement of Entry will be required by the Invigilator at the time of the examinations and should therefore be kept safely.

PLEASE NOTE that course fees do not include examination or invigilation fees except where stated.

h) Students taking Professional Courses are usually advised of examination dates and procedures for registering for the examinations by the relevant Professional Body. Entry fees are usually paid directly by the student to the Professional Body.

i) Some courses require other formal assessments to be made during the year. The dates and arrangements for these assessments will be communicated by the course lecturer(s) at least a week in advance.

## **8 MATERIALS AND TEXTBOOKS**

a) Textbooks: The College does not supply textbooks, nor are these included in the course fees. Lecturers may recommend a particular textbook and other reading material.

b) Materials: Course notes, when available, are issued free of charge to students. Paints and art paper are issued free of charge to students.

c) Students attending Sewing, Glass and Woodwork classes (when offered) may be asked to supply the materials required and will, of course, be able to take these home at the end of the class.

### Overview

The Cambridge O Level, part of the Cambridge Secondary 2 Stage, is an internationally recognised qualification equivalent to the UK General Certificate of Secondary Education (GCSE). Cambridge O Level provides learners with excellent preparation for academic progression to Cambridge Advanced, including Cambridge A/AS Levels if desired.

The Cambridge O Level curriculum places emphasis on broad and balanced study across a wide range of subjects. The curriculum develops learners' skills in creative thinking, enquiry and problem solving and is structured so that learners attain both practical skills and theoretical knowledge.

### Aims

A qualification in this syllabus demonstrates to universities and employers that candidates can communicate effectively in Standard English through:

- Communicate competence: the ability to communicate with clarity, relevance, accuracy and variety.
- Creativity: the ability to use language, experience and imagination to respond to new situations, create original ideas and make positive impact.
- Critical skills: the ability to scan, filter and analyse different forms of information.
- Cross-cultural awareness: the ability to engage with issues inside and outside one's community, dealing with the familiar as well as the unfamiliar.

### Course Structure

#### PAPER 1 – WRITING (1 HOUR 30 MINS) (50 MARKS)

The Task aspect of Paper 1 is Directed Writing, where communication of key information is required to achieve a specific purpose for a certain audience in a particular situation. Language (as well as content) is tested in the Creative Writing section, where candidates have an opportunity to display their English language skills in order to express their opinion, experience or imagination.

#### PAPER 2 – READING (1 HOUR 45 MINS) (50 MARKS)

The Task aspect of Paper 2 is Reading for Ideas, where scanning for and summarizing specific information is required to achieve and convey a global understanding of a text. Language is tested in the Reading for Meaning section, where there is a greater demand for English language skills to demonstrate more in-depth understanding of a text.

### Who is this course for?

---

This GCE English course is suitable if you are seeking employment, career advancement or just looking for a new challenge. Please note that you should be able to follow spoken and written instructions, read handouts/exercises and take part in group discussions.

### What do I need to bring?

### Overview

This is an Advanced level course, following naturally from GCSE Spanish, which aims to develop and extend the skills the student already has in the foreign language. This syllabus combines the four linguistic skills. Listening, speaking, reading and writing are practised through the media of text books, TV, listening materials and authentic press sources. Various themes are studied through the medium of Spanish, including: Day to day matters, Society, Science and Technology and the Environment.

### Aims and Learning Outcomes

The course encourages students to:

- Develop understanding of the spoken and written forms of Spanish.
- Communicate confidently, clearly and imaginatively in Spanish through both the spoken and written words.
- Develop critical insights into the contemporary society and culture of Spanish-speaking countries.

The course will also enhance the employment prospects of students and provide an additional qualification to those seeking to progress onto higher education.

### Course Structure

The specification has a 4-unit structure:

- AS units 1 and 2 are taken in the first year of study.
- A2 units 3 and 4 are taken in the second year of study.
- Students will normally opt to take the full A Level award, i.e. all 4 units. However, it is possible to follow the AS course and not progress any further. In this case, a certificate will be issued upon successfully passing the examination.

Unit	Title	Assessment
Unit 1	Speaking (AS Level)	15%
Unit 2	Listening, Reading and Writing (AS Level)	35%
Unit 3	Speaking (A Level)	15%
Unit 4	Listening, Reading and Writing (A Level)	35%

### Overview

The course is intended to give an overview of how to use the functions and features of a Single Lens Reflex (SLR) camera to your creative advantage. Topics covered include aperture; shutter speeds; ISO; lenses; Depth of field; perspective; exposure; composition; on camera flash and focusing. You will be able to use these functions to better create the aesthetic effect you want, rather than rely on the camera's automatic function deciding what your photo will look like.

### Aims

The course is aimed at those who have had limited experience of photography, but are serious in wanting to learn how to take control of a digital SLR camera themselves to get what they want in a picture. It is ideal for those who want to become more creative or technically accurate with their photography and for those who need to create and modify photographic images. Any experience of photography or software similar to Photoshop Elements will be useful, but not necessary.

### Course Structure

The programme will consist of 10 taught sessions, each of two hours. Tutors will use a variety of teaching methods including demonstrations, practical exercises, one to one guidance, group discussions and critiques. You will undertake critical evaluation and be motivated to develop creative skills and enhance personal skills. You will receive one to one feedback throughout the course.

### Who is this course for?

---

Everyone is welcome to join this course. No experience or knowledge of the subject is necessary. If in doubt, have a chat with one of our creative team, who will make sure that this is the right course for you.

### What do I need to bring?

---

You need to have an SLR type camera or similar. It can be a film or digital SLR camera. You need to bring a pen and paper to take notes; a folder or file to keep notes and handouts; perhaps some of your own photos to show. Use of a PC away from the centre with image manipulation software of some kind is useful, but not essential. You will need a memory stick to bring images in to class.

# Sewing

Course Duration: 10 Weeks

Course Fee: £94

---

## Overview

The course aims to provide you with beginner's level sewing skills and knowledge which you will then be able to apply to create and alter basic garments of clothing on your own.

Topics covered include sewing machine basics, different stitches and straight seams, cutting a pattern from your own individual measurements, how to layout patterns and cut fabric, buttonholes and how to incorporate darts needed for shaping and fitting. You will be shown how to attach waistbands, insert a zip and various ways of finishing hems.

You will learn these techniques through the development of a set project. Often students who complete the project within the 10 week period will then use their learned techniques to begin a basic, supervised individual project of their choice – further preparing you to embark on your own projects at home.

## Aims

The course is aimed at those who have had limited or no experience in sewing. It is a practical course and is intended to equip you with the necessary skills and knowledge to create, assemble and/or alter your own garments of clothing with confidence and your own personal style.

## Course Structure

The programme will consist of 10 taught sessions, each of two hours. Tutors will use a variety of teaching methods including demonstrations, practical exercises, one to one guidance, group discussions and critiques.

- Beginners will start off with a simple pattern. They will be introduced to pattern cutting, basic sewing techniques and the use of a sewing machine.
- Advanced students will be guided through more advanced pattern cutting and sewing methods as well as the extensive use of the sewing machine.
- Students will benefit from the use of modern sewing machines, which have a variety of functions suitable for many sewing tasks.

## Who is this course for?

Everyone is welcome to join this course. No experience or knowledge of the subject is necessary. If in doubt, have a chat with one of our Creative team, who will make sure that this is the right course for you

## What do I need to bring?

Although larger equipment such as sewing machines will be provided, it is essential that you are equipped with a basic sewing kit of your own. The sewing kit should include:

- Large scissors
- Small scissors
- Tape measure (preferably displaying both cm and inches)
- Box of pins (we recommend fine steel ones)
- Needles
- Seam ripper 'quick-un-pick'
- Tailors' chalk
- Thimble (useful but not essential)
  
- Fabric and thread - You won't need to purchase your fabrics or haberdashery until the second week.

In addition, you may wish to bring a pen and paper to take notes and a folder or file to keep notes and handouts but this is not essential.

# Woodwork:

## Course Duration: 10 Weeks

### Course Fee: £94

---

#### Overview

Students will learn a range of woodworking techniques using hand tools including making simple joints and applying finishes. The course will cover identifying different types of wood, how to handle and treat them and the best use for each type. You will complete a project working at a level and pace you are comfortable with.

#### Aims

Students will be encouraged to keep a sketchbook/notebook to record ideas, progress and processes. Please note that craft courses are practical requiring a degree of manual dexterity.

Our courses are taught by qualified and experienced tutors, most of whom are practising craftspeople. They will use a variety of teaching methods including demonstrations, instruction, one-to-one tutorial guidance, group discussions and critiques.

#### Course Structure

At the start of the course you will work with your tutor to develop an Individual Learning Plan (ILP) to set out what you want to achieve by the end of the course. You will both monitor and assess your progress throughout the course to ensure your learning needs are being met. There are no formal exams or tests to complete on this course.
