Digital Photography – SLR - Beginners:
Course Duration: 10 Weeks
Course Fee: £94

Lecturer: Mr R Pereira
E-Mail: rpereira@gibc.edu.gi
Location: [Room 9]
Session: Thursday [18:00 - 20:00]

Overview

The course is intended to give an overview of how to use the functions and features of a Single Lens Reflex (SLR) camera to your creative advantage. Topics covered include aperture; shutter speeds; ISO; lenses; Depth of field; perspective; exposure; composition; on camera flash and focusing. You will be able to use these functions to better create the aesthetic effect you want, rather than rely on the camera's automatic function deciding what your photo will look like.

Aims

The course is aimed at those who have had limited experience of photography, but are serious in wanting to learn how to take control of a digital SLR camera themselves to get what they want in a picture. It is ideal for those who want to become more creative or technically accurate with their photography and for those who need to create and modify photographic images. Any experience of photography or software similar to Photoshop Elements will be useful, but not necessary

Course Structure

The programme will consist of 10 taught sessions, each of two hours. Tutors will use a variety of teaching methods including demonstrations, practical exercises, one to one guidance, group discussions and critiques. You will undertake critical evaluation and be motivated to develop creative skills and enhance personal skills. You will receive one to one feedback throughout the course.

Who is this course for?

Everyone is welcome to join this course. No experience or knowledge of the subject is necessary. If in doubt, have a chat with one of our creative team, who will make sure that this is the right course for you.

What do I need to bring?

You need to have an SLR type camera or similar. It can be a film or digital SLR camera. You need to bring a pen and paper to take notes; a folder or file to keep notes and handouts; perhaps some of your own photos to show. Use of a PC away from the centre with image manipulation software of some kind is useful, but not essential. You will need a memory stick to bring images in to class.

Entry Requirements

There are no entry requirements for this course.

Important Points
